

3-18-2017

Dear S&A construction.

Enclosed is my final payment for the basement remodeling.

I just enjoyed several hours this week in my NEW lower level. It is clean, fresh and beautiful.

Thank-you to your company and workers who have been so caring about my personal property and home. All have been hard working individuals who have come early in the morning and stayed late into the evening. I so appreciate their willingness to work with my schedule.

Getting to know each person working on this project has been a special blessing to me. Over coffee, cokes, snacks, lunches we have shared many ideas and stories of our "reconstruction" events on going. All have been Fun!

In Appreciation,
Doreen Stahl
